# EL DORADO HILLS FIRE DEPARTMENT

*"Serving the Communities of El Dorado Hills, Rescue and Latrobe"*

January 12, 2017

Supervisor Brian Veerkamp  
Supervisor John Hidahl  
County of El Dorado  
330 Fair Lane  
Placerville, CA 95667

**RE: Resolution of Latrobe Annexation Property Tax Transfer Issue**

Dear Supervisors Veerkamp and Hidahl:

We are writing to request a meeting between two members of our Board of Directors, the two of you and the County Chief Administrative Officer to discuss resolution of the above-referenced property tax transfer issue. You will recall that we last met in the first half of 2016 to discuss potential methods to assure that the El Dorado Hills County Water District receives full funding of the property tax revenues which was a condition to annexation of the former Latrobe Fire Protection District sphere of influence. Because you are well acquainted with the issue, we will not restate our position in this letter. At the conclusion of that meeting, Supervisors Veerkamp and Mikaluco directed the then CAO and County Staff to review measures through which the El Dorado Hills Fire District might receive the full promised funding in a manner that would be automatic and on-going.

Over the intervening months, the CAO resigned and was replaced and Supervisor Hidahl was elected to the Board. In September the Board of Supervisors adopted the 2016-2017 budget with a line-item for property tax transfer to our District in the amount of \$180,000.00, approximately \$75,000.00 less than the amount we claim due. Obviously, the issue remains unresolved. In ensuing discussions with County staff members, we were advised to resume conversations with you.

Our District has established a committee to resolve this issue. We request a meeting with the two of you, the CAO, and any necessary members of your staff, at your earliest convenience. It is our hope that we can reach agreement and put into place a mechanism to ensure full funding on an automatic and on-going basis.

If you have any questions, please call.

Very truly yours,  
EL DORADO HILLS COUNTY WATER DISTRICT

David Roberts, Fire Chief

### MONTHLY ACTIVITY REPORT DECEMBER 2016 *"YOUR SAFETY ... OUR COMMITMENT"*

## SUMMARY

The goal of the Operations Report is to provide a summary of the El Dorado Hills Fire Department response performance for each month. The report currently evaluates the Alarm Statistics by each response zone, looks at Code 3 Response Times, evaluates Turnout Times, and describes the different types of calls that the Department responds to monthly. Every call is evaluated by the Operations Chief each month. Any call with an extended response time or an extended turnout time is researched and corrective action is taken if needed.

**Move-up and cover of engines was an issue again December.** There were 15 total move-ups of engines outside of El Dorado Hills to cover other fire agencies in the County for a total time out of district of 25 hours and 51 minutes. One of the move-up assignments lasted for almost 5 hours. Currently, we are engaged in a discussion with the other Chiefs in the County to address this issue.

\*All times are collected using a combination of Active 911 and Crystal Reports. The times are provided with the best accuracy possible given the limitations of technology in our system.

# Incident Type Codes – NFIRS Reporting

## *Definition*

This is the actual situation that emergency personnel found on the scene when they arrived. These codes include the entire spectrum of fire department activities from fires to EMS to public service.

The type of incident reported here is not always the same as the incident type initially dispatched.

## *Entry*

**Accountability Act**  
**Annual Report – 2015/2016**  
**El Dorado Hills Joint County Water/Fire District-Latrobe Zone**

The special tax measure passed under Government Code Section 50075 by the voters in the Latrobe Fire Protection District, now the El Dorado Hills County Water District, was specifically intended to develop and maintain fire and rescue services in the Latrobe Community. The measurement adopted to evaluate the success of the additional funds in the fire district was to accomplish and maintain an ISO rating for the District. Prior to this time, the District was unrated and the homeowners were subject to high homeowner insurance rates. All funds have been assigned each year to the annual operating budget for purchase and maintenance of rescue and firefighting equipment and apparatus. The district accomplished an ISO rating in the first year following the voter approval tax measure. El Dorado Hills Joint County Water/Fire District continues to maintain this ISO rating with the assistance of the special tax funding.

During fiscal year 2015/16, the funds collected by the special tax were \$35,588. The funds expended for Services and Supplies totaled \$724,984, of which the excess over and above the special tax was funded by annual property taxes.

There are no projects required or authorized to be funded under Section 50075.1 from this special tax.

Approved by the El Dorado Hills County Water District Board of Directors on January 19, 2017.
